Understanding the Importance of Anger Management

Techniques include: Inhaling slowly through the nose for a count of four. Holding the breath for a count of four. Exhaling slowly through the mouth for a count of four.
- 3. Observe** This step involves paying attention to your thoughts, feelings, and physical sensations without judgment. Recognizing the signs of anger early allows for better regulation.

Questions to consider: What am I feeling right now? Where do I notice tension or heat in my body? What thoughts are running through my mind?
- 4. Proceed** After pausing to observe and calm, you can choose how to respond constructively. This might include communicating assertively, taking a break, or employing other coping strategies.
